URGNET 3RD PARTY VENDOR AGREEMENT FORM

Dear Recycler,

Today's Recyclers need a competitive edge to keep their business profitable and growing into the future. URG (United Recyclers Group) has developed relationships with several third party vendors for the purpose of generating more revenue and visibility for automotive recyclers. The data is securely fed to URG and in turn, fed to the third party vendors you have authorized.

You can access the URGNet Control Center at any time to authorize or remove data going to a specific third party company(s) or notify URG to allow the data to be fed/removed. This program is available at no cost to all Recyclers, Members and Non-Members alike, because URG is dedicated to protecting every recycler and their data.

By signing this document, you agree to the release of your data to URG. Upon signing, please select the company(s) you would like to send data to.

If at any time, you decide that you do not want your inventory to be viewed by a third party, you may terminate this service by notifying us in writing, or by disabling the third party in the URGNet Control Center. If you terminate by contacting URG, we will cease following the receipt of written notice. This is a complete agreement between you and URG regarding sending your parts information to the company(s) written below. There are no verbal agreements or understandings, implied or other, between you and United Recyclers Group other than those stated within this document. Please sign below in the space provided indicating the acceptance of this service.

We look forward to this exciting new opportunity to increase your revenue.

3RD PARTY VENDORS Please check the appropriate boxes
